

WE HELP YOUR CLIENTS IN TIME OF NEED

TFDA has partnered with Stairway Lending to create texasfuneralloans.com. This website offers consumer loans to assist families in their time of need by providing unsecured funds to pay for any out-of-pocket expenses.

The process is fast and easy:

- The borrower provides basic household information
- Within 1-2 minutes the borrower receives loan offers by email and online
- The borrower completes their application with the chosen lender
- Once the household information is verified (usually within 48 hours), funds are direct-deposited into their checking account

Other details:

- Texasfuneralloans.com is available 24/7
- Multiple lenders serve the full spectrum of creditworthiness, from POOR to EXCELLENT
- Rates are fair, competitive, and based on the individual risk of each borrower, starting at 3%
- There are no application fees
- There is no cost to funeral homes or directors

Let us help your client families at this critical time with the funds they need.
